organization that believes everyone deserves access to safe water and that no one should die from waterborne illness. There are currently 785 million people who live daily without access to safe water. Waterborne illnesses and poor sanitation are among the leading causes of death in children under five years old.

Every day, WS makes an impact in the global water crisis. We work in 70 countries around the world to improve water and sanitation with a focus in four key areas: health and wellness, education and training, empowerment, and emergency relief. We transform communities by educating and training individuals on proper health and hygiene practices and safe water solutions. WS designs and manufactures equipment to aid in water transportation and water purification. Once WS tools are installed in a community, they are resilient and will go on purifying water day after day. No additional assistance is needed from WS and the community is empowered to live healthier lives.

WS also provides emergency relief in the wake of natural disasters, human caused disasters and conflicts. To date, WS has responded to 32 disasters by supporting the needs of people and communities in the midst of crisis.
